KEYNOTE
Geraldine McGinty MD, MBA, FACR
Choosing Wisely: Mentors, Sponsors, and Your Kitchen Cabinet

Geraldine McGinty MD, MBA, FACR, did her Medical training in Ireland at the National University and her residency at the University of Pittsburgh where she was Chief Resident. Her fellowship was in Women’s Imaging at the Massachusetts General Hospital. She also holds an MBA from Columbia University. She is a national and internationally recognized expert in imaging economics. She has served as advisor to the CPT Editorial Panel, the JCAHO, and the National Quality Forum. She was Chair of the American College of Radiology’s Commission on Economics and was the radiology member of the AMA’s Relative Value Update Committee, 2012-2016. In May 2016 she was elected as the Vice Chair of the ACR’s Board of Chancellors, the first woman to hold this office. She was until 2013 Managing Partner of a 70 physician multispecialty medical group on Long Island. In 2014 she joined the faculty at Weill Cornell Medicine (WCM) in New York City. Additionally, she serves as Chief Strategy Officer and Chief Contracting Officer for the Weill Cornell Physician Organization’s more than 1,400 members. In 2015 she was voted Radiology’s Most Effective Educator by the readers of the radiology news site, Aunt Minnie.

WHAT PAST PARTICIPANTS ARE SAYING ABOUT SCBT-MR:

“As always, great content. Most lecturers are willing to share protocols, knowledge post conference, which is wonderfully useful, quite nice, and much appreciated.”
– Michael Farber, MD

“Scientific Sessions are always top of any other meeting (highest caliber). Faculty are extremely approachable.”
– Nicole Hindman, MD

“I like the small meeting, and the lectures are practical and applicable to practice.”
– Michelle McNamara, MD

“Allowing enough scheduled opportunities for personal interactions with the fellows is what makes this meeting unique.”
– Desiree Morgan, MD, FSCBTMR

SPECIAL ADD-ON OPPORTUNITY
Body Value MRI Workshop
In this half-day pre-Annual Meeting workshop, new paradigms in the delivery of body MRI and the evolution of the MRI value proposition will be explored.

TOPICS WILL INCLUDE:

- Economics of MRI
- Cost-effectiveness
- Utilization
- Patient experience
- Technical advances in body MRI that improve value
- Focused body MRI examinations
